

## Weather station | Hygrometer | Date/Time | Outdoor unit

### General information

This DCF-controlled weather station immediately shows you what kind of weather it is outside and also displays the temperature and humidity inside the room. The weather station is equipped with a calendar that runs to the year 2099 and also has a built-in barometer and a blue LED back light. The station saves the trend in air pressure and temperature and is also suitable as an alarm clock due to the alarm function. Includes a wireless outdoor unit.
