

Patio Heater | Quartz | 2000 W | Black

General information

Water-resistant patio heater (IP24 protection) to extend enjoyable evenings outside. The heater is adjustable in height, is equipped with 3 heat settings and provides enough warmth for areas up to 12 m². Moreover, the patio heater is very safe. It features a tip-over protection which automatically switches off the heater if it drops to the floor. It is also equipped with a fine grid to prevent that fingers come into contact with the heating element.

Features

- Heats up outdoor areas of up to 12 m²
- 3 heat settings to suit everyone's comfort requirements
- Height is adjustable from 1.6 m to 1.9 m to fit the heater anywhere
- Tip-over protection ensures extra safety
- Water-resistant design for outdoor use
