

## TV Mood Light LED 192 lm 1800 mm Cool White

### General information

Mood light LED strips to paste on a TV to eliminate eye strain and improve the viewing experience. Watching TV in a dark room can cause eye strain as the eye muscles constantly contract and expand due to the large difference in luminance between the dark room and the TV screen. Regular room light, on the other side, reduces the viewing experience. The mood light highlights a TV with a cool, white light that does not reflect in the screen, solving all these problems while matching every interior. It consists of three dimmable light strips connected to one USB power cable which allows for a large mounting flexibility.

### Features

- Reduces eye strain
- Easily installed
- USB powered

### Specifications

LED module:	3528
Input Voltage:	5 V
Accessories:	Self-Adhesive Tape
Colour temperature:	6500 K
No. of LEDs:	32
Lamp type:	LED Strip
Length:	1800 mm
Cuttable:	Yes
IP rating:	55
Dimmable:	Yes
Rated luminous flux:	192 lm
Energy class:	A+
Beam angle:	120 °
Energy consumption per 1000 h:	2 kWh
Rated life time of lamp:	30000 h
Wattage:	2 W

### Sales information

Order code:	<b>KNM-ML3WD</b>
Product description:	TV Mood Light LED 192 lm 1800 mm Cool White
Packaging:	Giftbox with eurolock
Brand name:	König

Quantity	LxWxH (mm)	Weight
1	120x40x170	145 gr.
10	195x175x240	1581 gr.
80	365x415x495	12890 gr.

## TV Mood Light LED 192 lm 1800 mm Cool White

Application:	TV Screen
Technology:	LED
Light colour:	Cool White
Body material:	Electrolytic Copper

### Package contents

1x mood light
