

Outdoor DVB-T/T2 Antenna 38 dB VHF / UHF

General information

This König DVB-T/T2 antenna for in and outdoor use ensures a stable reception of free-to-air channels, pay television (if you're subscribed) and FM radio signals.

The antenna features a distinctive, sleek design and provides a great solution if the antenna is located within sight.

Inverter and power adapter included.

Features

- LTE filter to reduce the impact of 4G
- Suitable for in and outdoor use within 50 kilometres of nearest broadcasting antenna
