

Electric Kettle | 1.7 L | Soft-Touch | Grey

General information

This stylish, powerful Nedis® Electric Kettle works just as good as it looks: it has a generous 1.7 litre capacity, is quick to the boil and it is designed to minimise any limescale build-up.

Combining stainless steel, wood and rubber paint finishing makes our kettle a stylish, durable and easy-to-clean addition to your kitchen.

Its designed to hold enough water for six to eight cups every time its boiled, so no-one should be left for too long without their tea or coffee.

The cordless 360° pirouette base ensures an easy lift and the ergonomically-designed kettle is comfortable to pour even when filled to capacity.

The concealed 2200 W heating element and removable filter ensure your water reaches the boil quickly every time but limescale build-up is minimised.

Features

- 1.7 L capacity – perfect for when thirsty guests arrive
- Cord winder – for easy storage
- Anti-scale filter – to ensure water boils quickly all the time
- Cordless 360° pirouette base – for easy handling
- Boil-dry protection – the kettle will not work if there is not enough water in it
