

Wall Socket Protector | Type-F (Schuko)

General information

This six-pack of electrical socket covers offers you all you need to quickly but securely safeguard against your children being hurt by accidentally inserting objects or fingers into electrical sockets that are not in use.

Offering an easy-to-install solution for Type F sockets, this essential child safety device has a clever-rotating system that allows adults to directly access the socket without needing to remove the cover.

Features

- Self-adhesive - for easy installation
- Cover Type F sockets securely - yet can be rotated for access by adults
- Contains six covers
