

FM Radio | 60 W | Bluetooth® | Brown / Silver

General information

It's not just its retro good looks that set this Wireless Bluetooth® FM Radio and Speaker apart. Its powerful battery keeps on playing those tunes for up to seven hours at a time and its 60 W peak power sound output ensures all the right notes are hit. And did we mention that you can make and receive calls through it – thanks to its built-in microphone? The perfect sound
Whatever music you are listening to the speaker's sound equaliser can create the perfect sound. This compact device is surprisingly powerful, offering 60 W sound output at peak power.
A smart, stylish radio and powerful speaker
The stylish retro look makes this the perfect addition to any smart home, and this is certainly a smart radio. Should you tire of what music is available on the airwaves, you can play your favourite tunes from a microSD card or through its USB port.

Features

- Deep, digital sound quality – thanks to its 60 W peak power
- The party need never stop – with seven hours playback on a single charge
- Make and receive calls – through the speakers and integrated microphone
- Compact, stylish, retro design – for eye-catching mobility
- Sound equaliser – for the perfect sound for every song
