

## Replacement Remote Control | Panasonic TV | Ready to Use

### General information

Replace a lost or broken Panasonic remote control with this preprogrammed Nedis® TV replacement remote control, which is compatible with every Panasonic television. Thanks to an extensive built-in code database it features every single function of the original version. The Nedis® replacement remote is easy to use since it does not require any programming. Simply insert the batteries and you are good to go.

### Features

- Large code database to replace any function of original remote
- Fits comfortably in your hands
- Preprogrammed, ready to use
- Learn button: press the button to activate the signal before copying functions from other remote controls.
- Works with all Panasonic televisions from 2012 and later
