

Cable Stripper No. S 4 - 28 Multi

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multifunctional tools for professional users.

Description

WEICON cable strippers allow all common round cables to be stripped accurately, quickly and safely. The cable stripper product family includes various types which have different additional functions, thus meeting the individual needs of the users.

The Cable Stripper S 4-28 Multi allows all common round cables of between 4 and 28 millimetres diameter to be stripped accurately, quickly and safely. The cutting depth of the blade can be regulated infinitely with the help of an adjustment wheel in the casing. This prevents damage to the inner conductor. The blade is integrated self-rotating into the casing, allowing automatic conversion from circular to longitudinal cutting. The additional wire-stripping function has been integrated into the casing and allows all common flexible and solid conductors with a cross-section of between 0.5 and 6 square millimetres to be stripped.

Technical data

Cable type:	Fine-wired and solid conductors with PVC insulation
Field of use:	External diameter 4 - 28 mm
Inner blade:	Adjustable & replaceable
Additional benefits:	Strips conductors of 0.5 - 6.0 mm ²
Approval/certificate:	Safety tested by TÜV NORD
Material:	Glass fibre reinforced polyamide
Length:	145 mm
Weight:	61 g
Accessories:	Replacement blade, item no. 5010002

Note

Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
