

Mosquito Stop Light Trap | 1 W | 20 m² Coverage

General information

Eliminate mosquitos, flies, wasps and other annoying flying insects with this Nedis® electric insect killer. With only two 0.5-W UV-A lamps, this electric insect killer operates extremely energy efficient and surprisingly effective at the same time. Insects lured by the UV-A lamps are instantly killed upon contact with the inner high voltage grids. There are no chemicals involved which is eco-friendly and safe to both humans and the environment. Thanks to a compact design, this Nedis® electric insect killer is the perfect travel essential.

Features

- Eco-friendly and non-toxic: works with high voltage.
- Extremely low energy consumption of 1 W
- Compact size, perfect for camping and travelling
- Energy-efficient operation: 2x 0.5 W

Specifications

Effective range:	20 m ²
