

Electric Insect Killer | 11 Watts | LED | Black

General information

Enjoying summer evenings out in the garden but those flying insects driving you mad? Love sleeping with the windows open but you dread mosquito bites? This Nedis® electrical insect killer provides a safe and eco-friendly solution to all these nuisances.

Eliminate mosquitos and other annoying flying insects with the electric insect killer. With a power consumption of only 11 watts, it operates energy efficient, yet super effective: its open 360°-design covers a maximum insect-luring surface and is effective enough for areas up to 150 m2. Insects attracted by the UV-A lamps are instantly killed upon contact with the inner high voltage grids. This involves no chemicals which is eco-friendly and safe to both humans and the environment. Including removable and washable collecting tray for easy cleaning.

Features

- Eco-friendly and non-toxic - works with high voltage
- Removable collecting tray - easy to empty and clean
- Energy-efficient operation - 11 watts
- Durable UV-A LED - lifespan of 20,000 hours
- ABS fire-resistant plastic housing - high safety
- Coverage of 150 m2
- Put it down or hang it - including detachable, solid hanging chain
- On/off switch - leave it plugged in a power socket

Specifications
