

Antenna Cable HSR-200 | SMA Male - SMA Female | 15.0 m | Black

General information

High quality low-loss coax cable with a sheath made of PE (resilient to environmental impact) and a conductor made of copper. Integrate this cable for wireless and broadband communication applications. It has an operating temperature range of -40 °C to +85 °C.

Specifications

Colour:	Black
Cable design:	Round
Outside material:	PVC
Plating:	Gold
Connector design - side A:	Straight
Impedance:	50 Ohm
Connector design - side B:	Straight
Packaging:	Polybag
Shielding:	Double
Material:	PVC
Connection A:	SMA Male
Connection B:	SMA Female
Cable type:	SMA
Conductor material:	OFC
Cable length:	15.0 m
Connection A & B:	SMA Male - SMA Female
Diameter:	5.0 mm

Package contents

HSR-200 Antenna Cable
