

RF Smart Plug | On/Off | RF Mesh Range Extender | Schuko Type F | 3680 W

General information

Operate your electrical appliances remotely with your 433.92 MHz remote control system by simply connecting them to this Nedis® wireless smart plug. It is compatible with most well-known brands to enable easy expansion of your existing system.

Extended range

The RF mesh functionality extends your RF network range with an additional 50 metres.

Easy to set up

Pairing the plug to turn on devices or to connect them to remote controls (RFWS20WT / RFWS10WT / RFRC410WT / RFRC220WT) can be activated by pressing a single button. One smart plug stores a maximum of 5 different remote controls.

Features

- Can be used as a stand-alone product or can connect easily with other Nedis® smart RF products
- Allows remote control - for easy operation of appliances
- RF Mesh technology - extends your RF network with 50 m
- Compatible with most existing 433.92 MHz systems regardless of brand
