nedis

RF Smart Wall Switch | Single

General information

Operate one or multiple lights or devices with this Nedis® wall switch remote control.
You can register multiple receivers per channel to switch multiple lights or devices on and off with the push of a button

Easy to install
Mount the light switch directly on the wall thanks to its flat back
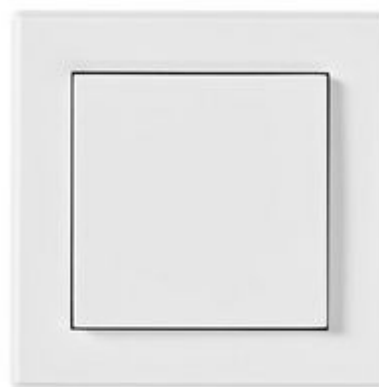

Channels
This wall switch remote has one transmission channel. Nedis® RF smart receivers store up to 5 transmission codes, so that solutions can be created quickly and easily for every conceivable situation.

Compatibility and dimmable RF receivers
Supports all on/off and dimmable receivers and works with almost all existing 433.92 MHz systems, regardless of brand.

Features

• Easy installation
• Controls multiple lights/devices with one button
• Long battery life (battery included)
• Transmission range up to 30 metres
• Compatible with most existing 433.92 MHz systems regardless of brand
