

Wired Microphone | Dual Condenser | With Tripod | USB

General information

Connect this omnidirectional Nedis® microphone to your notebook or desktop PC and start internet voice chatting, video conferencing, multiplayer internet gaming and speech recognition straight away.

Hands free or hand held

Place the microphone in its fully adjustable tripod stand for hand-free conversations or take it on stage - a cable length of 1.35 metres provides you with ample freedom of movement.

Features

- Omnidirectional polar pattern - picks up sound from all directions equally
- Plug and play via USB connector - no need for batteries, app downloads, or configurations
- Built-in filter sponge - eliminates ambient noise
- Compatible with Mac (Mac OS X 10.4.11 or higher) & PC (Windows® 7\8\10)
- Plug and play functionality - works with a USB connector; no drivers needed
- Superior cable quality - shielded, braided cable and gold-plated USB contact for a reliable connection
- Versatile design - perfect for meetings, interviews, podcasting, home studio recording, YouTube, Skype, FaceTime, games, and more
