

Candy Floss Machine | 500 W | Vintage Red / White

General information

Wouldn't it be cool to make your own fluffy, home-made candy floss? Add a nostalgic twist to your street party, kids' birthday or theme party with this Nedis® cotton candy machine.

There's not much to it, simply use premixed sugar or make your own by adding your favourite, vibrant food colourings and essences to granulated sugar. You can even use hard candy, so throw in some sugar-free sweets and make yourself a low-calorie treat.

The white bowl and the rotating ring can be disassembled for easy cleaning and storage. The cotton candy machine bottom is equipped with suction cups for safe use.

Features

- Easy to make - everyone can do it
- Suction cups at the bottom - safe use
- Detachable parts - easy to clean
- Including spoon - doubles as a candy floss stick
- Use ready-made sugar or make your own by adding flavourings and colourings to granulated sugar - or use hard sweets
