

Wi-Fi Smart Convection Heater | Thermostat | Glass Front Panel | 2000 W | White

General information

This Nedis® Wi-Fi smart convection heater can be used on its own or in combination with your other Nedis SmartLife devices.

Use the touch buttons on the front - or operate it remotely through the Nedis SmartLife app - to set the temperature, heating power or set it on a timer or a schedule.

By combining the app with your favourite voice assistant (Google Home or Amazon Alexa) you can even control it using voice commands.

All of this is possible without the need of an additional hub or gateway.

Features

- Set the temperature with the buttons on the front, your Nedis® SmartLife app or by voice in combination with Google Home or Amazon Alexa
- Connects directly to your Wi-Fi so you can control it from anywhere in the world
- Simply set a timer or a schedule for automated heating
- Use the full 2000 W to quickly heat up the room - or lower the heating power to 1000 W for a more gentle heating.
- Overheat protection - for safe operation
- Remote control - for more operating convenience
- IP24 - splash water proof, safe to use in bathrooms
- Can be used stand alone or wall mounted
