

Mouse | Wireless | 800 / 1200 / 1600 dpi | Adjustable DPI | Number of buttons: 6 | Right-Handed

General information

This super-sensitive Nedis® Wireless Mouse with Nano Dongle offers you three DPI settings to customise the responsiveness of your cursor.

Thanks to its ergonomic design - and the handy thumb buttons that are perfect for navigating through web pages - this mouse ensures comfort through even long periods of use.

With six buttons all perfectly placed, a scroll wheel to quickly scan pages and a choice of 800, 1200 or 1600 DPI, you'll have everything you need instantly to hand.

Features

- Six button mouse - with scroll wheel
- Three dpi settings - for maximum sensitivity
- Thumb buttons at the side - for ease of use
