

Wireless TV Headphones | RF | Over-Ear | Battery play time: up to 15 Hours | 100 m | Digital Audio | Charging dock |

General information

Enhance your home-cinema experience with these Nedis® wireless RF headphones.

All you have to do is connect the transmitter to your TV and switch on the headphones. A wireless range of 100 metres line of sight provide you with all the flexibility to watch television from anywhere in the room.

The elastic headband automatically adjusts to the shape of your head, and with soft over-ear cushions, nothing will hold you back to enjoy a good night in with your favourite movies.

Once you're finished, you can place the headphones on the transmitter station and they will be charged automatically.

Features

- Wireless headphones for ultimate freedom of movement
- Convenient storage/charging station
- Rechargeable batteries included
- 100 m RF range (LOS) to watch TV from anywhere in the room
