

Product name : **MoTip Shock Oil**
Article number : **090305**

Product description

High quality, effective tool to loosen rusted parts.

Applications

Screwed connections
Fasteners (screws, bolts and nuts)

Product characteristics

Very effective
Directed jetspray
Briefly decreases the temperature to -30°C
Excellent lubricating properties

Physical and Chemical Characteristics

Contents	:	500 ml
Basis	:	Aliphatic Hydrocarbons
VOC-content	:	Approximately 95% w/w
Colour	:	Transparent light brown
Scent	:	Vanilla
Relative density at 20°C	:	0,65 g/ml
Yield	:	1,92 g/sec
Vapour pressure at 20°C	:	3 to 4 bar

Usage

Before use, carefully read the directions on the packaging and act accordingly.

The aerosol should have room temperature.
Best processing temperature 5 to 30°C .
Before use, shake the aerosol.

Spray the screwed connection for some seconds, by briefly pressing the nozzle several times.
As a result of the fierce decrease in temperature and the lubricating properties of shock oil, the screwed connection can be loosened.
