

## Ultrasonic jewelry cleaner

### General information

Clean your aligners and jewelry with this ultra sonic cleaner. The sonic sound waves vibrate at 42.000 Hz which ensures all dust and dirt all carefully cleaned off. Simply put your jewelry or aligners in the 610 ml tank and start the device, even those difficult corners will be perfectly clean. The digital timer enables you to set the cleaning time from 1 to 8 minutes. Keep your precious ornament, jewelry and aligners glossy and new!
